For those who consider battling traffic a choking misfortune as opposed to niggling irritation, will do well to own a Helicopter. If that seems like a flight of fancy, consider using one as a weekend ferry for unobstructed travel.

Baron Aviation's (BA) fleet of helicopters are on offer to fly you to the unending stretches of Alibaug's beaches and foamy waves. Monsoon waters may make your speed boats a tad choppy so take to the skies instead, says BA. The services are available during week days as well as weekends.

The Weekend Monsoon Package includes a pick up from Juhu or Mahalakshmi in Mumbai on Saturday from 7 am to 3 pm and will take you back from Alibaug on Sunday. This is an assured availability package with schedules that do not cave in with the uncertain weather.

With the Platinum Package, you can avail of 12 pickups and 12 drops (₹23,76,000; ₹34,80,000; ₹20,16,000); the Gold Package provides for 6 pickups and 6 drops (₹11,88,000; ₹17,40,000; ₹10,08,000) depending on type of aircraft used and seating capacity.
